Hence information of gross block and accumulated depreciation till the end of the year is not disclosed in the Financial Statements in confirmation with the Accounting Standard (AS 18). Our opinion is not modified in respect of this matter.

We draw attention to Note I(D) of Statement of Significant Accounting Policies regarding accounting policy of Fixed Assets & Depreciation of the Financial Statements, which states that depreciation on fixed assets has been provided based on the provisions of the Income-tax Act, 1961, instead of on the basis of the useful life of the assets as prescribed under the applicable Accounting Standards issued by the Institute of Chartered Accountants of India. The Trust has not maintained records of estimated useful lives of individual Fixed Assets. Further, no technical assessment or management estimate of useful lives has been made available to us. In the absence of necessary records & estimates relating to useful lives of Fixed Assets, it is impracticable to reliably quantify the impact of depreciation expense, carrying amount of Fixed Assets on the net profit. Management has explained that this method has been consistently followed by the Trust. Our opinion is not modified in respect of this matter.

We draw attention to Note I(L) Employee Retirement Benefits of the Financial Statements regarding the Trust's accounting policy for gratuity liability on actual payment basis, instead of making a provision as required under the applicable laws. The management has stated that the trust has high employee turnover, and the amount involved is not material. Our opinion is not modified in respect of this matter

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Board of Trustees/ Executive Committee are responsible for the preparation of these Financial Statements that give a true and fair view of the financial position and financial performance of the Trust in accordance with the accounting principles generally accepted in India, including the Accounting Standards prescribed by ICAI, This responsibility also includes the maintenance of adequate accounting records in accordance with provisions of The Maharashtra Public Trust Act, 1950 for safeguarding assets of the Trust and for preventing and detecting the frauds and other irregularities, selection and application of appropriate accounting policies; making judgments that are reasonable and prudent. This responsibility also includes the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Trust ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Trust or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Trust's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to express an opinion on these Financial Statements based on our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether Financial Statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Financial Statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error. In making those risk assessments the auditor considers internal control relevant to Trust's preparation and fair presentation of the Financial Statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by managements, as well as evaluating the overall presentation of the Financial Statements.

We believe that audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
